

Player Information

Please read before you arrive to play!

1. Play will start at 8:00am Friday and Saturday. Warm up for these 8:00am matches only, can begin at 7:30am. Use this early warmup opportunity wisely. We will begin play at 8:05am. Please report to the tournament table before you begin warm up.
2. Start times for the first match may be as early as 8:00 am on Friday or as late as Saturday afternoon. You may be required to play the last match on Friday night, and then the first match on Saturday morning, depending on the draw. Based on the size of the draw, teams may be eliminated from the tournament on Friday night. We realize this is not optimal, but logistically there is no other way to complete the larger draws by Sunday.
3. We will NOT consider any requests for changes to start times. You should prepare to play at 8:00 am Friday morning, and be able to play any time during the duration of the tournament. Our blind computer draw is designed to maximize court playing times.
4. Players may go to Tennis4Cancer.org to find out what time their first match will take place. All matches other than the first match will be issued on-site at the Tournament Table. It is the players' responsibility to confirm their match time.
5. If you lose your first match you may play again on Friday or on Saturday. It is the players' responsibility to confirm their match time with the Tournament Table.
6. Upon arriving for your first match, report to the Registration Table first and then report to the Tournament Table. You must have your wristband for the Tournament before you will be assigned a court for play.
7. All players should report to the Tennis Center 30 minutes before your scheduled match. If all players are present and courts are available, we will start matches early.
8. All players should report and check-in to the Tournament Table no later than 15 minutes before each of your scheduled matches.
9. There is a 15-minute grace period to report to the Tournament Table after your scheduled match time. If you do not report within the grace period, your match will be forfeited.
10. Teams will be allowed a 5-minute warm-up and conduct the coin toss. The 5-minute warm-up will be strictly adhered to. The Tournament Director will be available to answer any scoring or ruling questions.
11. Both teams must report back to the Tournament Table upon completion of their match. All balls must be returned to the desk. Once your scores are recorded, you will be issued your next match start time.

Rain Contingency Plan

In the event of rain, the following contingency plan will be implemented:

1. The Tournament will begin assuming no rain delays. This means the Tournament will be played as a 3 set match with a Coman Tiebreaker if necessary. You must report to the tournament at your scheduled match time whether it is raining or not unless you see official notification otherwise. Do not assume your match has been postponed.
2. If rain forces the Tournament to be stopped, we will change the format of the tournament. Once play resumes, all matches not completed before the rain delay, will be completed under the format in which they began. If the match began as regular sets with a Coman tiebreaker, they will continue under that format until the match is completed.
3. All matches that were not started before the rain delay will then be played under the Pro-set System with No Ad scoring until the tournament is caught up. If there are multiple delays, the match will continue under this format until it is complete.
4. The Pro-set scoring will continue for all matches in all divisions until the tournament is caught up to its' scheduled match times.

Pro-set scoring:

- Instead of playing multiple sets, players play one Pro-Set. The Pro-Set is a race to win 8 games by a margin of 2 games
 - Individual games will have No-Ad Scoring. This means that if a game goes to Deuce, the game will be decided by one-point playoff. The Receiving team will decide who receives the one-point game deciding serve. The winner of that point wins that game.
 - If the set is tied at 8-8, the match will be decided by a 7-point Coman Tiebreaker. The winner of the tiebreaker wins the match.
5. Matches may be played earlier than 8am or later into the night on Friday and/or Saturday if necessary. This could mean matches being played as early as 7am or as late as 10pm. Our goal is to play as many matches necessary to complete the tournament.
 6. If matches go late on Friday or Saturday, we will make arrangements to provide food and drink for those still playing.
 7. We reserve the right to cancel matches in the Consolation Draw in order to complete the Main Draw provided all teams have played 2 matches. This is an extreme case, but again our goal is to crown a Champion in each Division.
 8. If the Tournament cannot be completed, we will discuss the options available with each division on a case by case basis.
